

# Do You Know When To Stop Pouring?

**If you don't watch what you're doing the glass could overflow. Disks in your IT infrastructure are no different. If you don't keep an eye on them they can fill up and applications will crash.**

**Otium Software's Utilistor™ Disk Space Monitor (DSM) keeps watch over your disk Capacity and I/O levels so that you can get on with more important things.**

**With pricing starting at less than £100 per server, you won't be crying over spilt milk!**

**Providing the Obvious Answer**
